INVITATION

TECH day

WHAT ARE YOU MISSING?

Making better manufacturing decision

Hidden defects, unseen risks, missed opportunities...

Discover how advanced inspection and analysis technologies help manufacturers gain deeper insight, improve quality, and make more confident production decisions.

See deeper. Understand more. Make decisions with confidence.

Join us on 21st of October 2026
at our Linton, Cambridge facility

👉 **PLACES ARE LIMITED**

AGENDA OF THE DAY

A day designed for learning, exploring and networking

09:30 – Arrival, Coffee & Informal Networking

10:00 – Welcome presentations
Scott Wood & Felix Mundanmany, Accelonix UK & Ireland

10:15 – Special Guest Technology Speaker: Deben
From Detection to Diagnosis: Recreating Real-World Conditions During Inspection
James Watson

10:25 – Presentation 1: Vitrox
Closing the quality gap with AXI & final inspections.
Sean Langbridge

10:50 – Presentation 2: Takaya
What electrical tests reveal that inspection cannot .
Miroslav Stanisavljević

11:15 – Coffee break

11:45
- **Demo 1:** Vitrox V510 Ai R
- **Demo 2:** Takaya APT2400

12:45 – Buffet Lunch & Informal Networking

13:45 – Presentation 3: Parmi AOI
Reducing False Calls and Increasing process confidence
Paul Millard

14:10 – Presentation 4: Comet Yxlon
When AOI & Electrical Testing are not enough; X-ray
Till Stegel & John Carron

14:35 – Coffee break

15:05
- **Demo 1:** Parmi Xceed L + Cogiscan
- **Demo 2:** Comet Yxlon Cheetah EVO + Dragonfly

16:15 – Closing Remarks , Q & A session, Open Access

Accelonix
keeping you ahead

accelonixuk&ireland www.accelonix.co.uk

LIVE EQUIPMENT DEMONSTRATIONS

1- Takaya: APT2400 – Flying Probe Testing

2- Parmi & Cogiscan: XCeed L – 3D AOI & Data Analysis Software

3- Comet Yxlon & Dragonfly: Cheetah EVO – 3D X-Ray Inspection & Image Processing Software

4- Vitrox: V510 Ai R – Final Inspection

SMART SOLUTION ZONE

Accelonix Software – Complete NPI Software Solution for PCB Assembly

Accelonix Inspection & Testing Services – Failure Analysis, X-ray Inspection & Testing Services

Teradyne – In-Circuit & Functional Test Solutions for PCB Assembly

DragonFly – Visualise, Analyse & Quantify CT Inspection Data

Deben – In-situ solutions for microscopy, X-ray & CT applications.

ALSO ON DISPLAY

Fully automatic wire bonder, Semi-automatic heavy wire bonder, Smart assembly station, Handling Sytem, Non-Contact Surface Metrology, PCB & Stencil Cleaning Sytem.

GUEST SPEAKERS

Sean Langbridge
Director of Business Development at ViTrox Technologies

With over 25 years in electronics and semiconductor inspection, Sean previously held leadership roles at CyberOptics and Quad Systems. His expertise spans quality control, yield improvement and advanced inspection solutions.

Till Stegel
Sales Manager at Comet Yxlon

With over 12 years at Comet Yxlon, Till supports manufacturers across Europe with advanced X-ray and CT inspection solutions, helping improve quality, reliability and process control.

John Carron
Regional Sales Manager EMEAI at Dragonfly

John helps organisations across EMEAI unlock value from advanced 3D visualisation and image analysis software, transforming complex inspection data into actionable insights.

Miroslav Stanisavljević
Sales Manager at Systech/Takaya

With over 24 years at Takaya, he manages DACH sales and European distributors, supporting them and joining exhibitions across the region.

Paul Millard – In-house speaker
Sales Manager at Accelonix UK & Ireland

With over 30 years in electronics manufacturing, Paul helps manufacturers improve quality and productivity through advanced inspection, automation and SMT solutions.

SPECIAL GUEST TECHNOLOGY SPEAKER

James Watson
Managing Director at Deben

With a background in engineering and product development, James leads Deben's innovation strategy, helping researchers and manufacturers gain deeper insight through advanced in-situ testing and imaging solutions.
