

X-Ray and SAM Inspection Half-Day Workshop

Tuesday 15th September 2020 at Cupio Ltd, Chineham Business Park, Basingstoke, RG24 8WA

Highlights:

- *Bring your Own Samples for Inspection*
- *State of the Art X-Ray and SAM Equipment Demonstration*
- *Overview of Other Inspection Techniques*
- *Book on "X-Ray Inspection Criteria and Common Defect Analysis" Included*
- *Question and Answer Session*

BYO Samples for X-Ray and SAM Inspection

This half-day workshop before Microtech 2020 gives you the opportunity to bring your own (BYO) samples for inspection in state of the art Nordson Dage X-Ray and Scanning Acoustic Microscopy (SAM) equipment and learn about the application of other inspection techniques applied to micro-

Reasons To Attend:

- Access first hand state of the art X-Ray and SAM inspection equipment to examine your own products
- Learn about X-Ray and SAM techniques
- Network with other industrial and research organisations involved in micro-electronics inspection
- Engage with inspection experts to resolve inspection issues
- **Free Copy of Nordson Dage Book on "X-Ray Inspection Criteria and Common Defect Analysis"**

Registration:

<http://www.imaps.org.uk>

	Delegates
IMAPS Member	90
Non member	130
Student	70

Prices - £ exclude VAT, inclusive of lunch & refreshments

"Where the Industry Meets"

An IMAPS-UK workshop event

Provisional Workshop Agenda:

12:00 Registration, Lunch and Networking

13:00 Welcome and Introductions

13:15 X-Ray and SAM Inspection Overview

- Plenary Session

14:00 Group 1: X-Ray Inspection

- Bring your own samples

14:00 Group 2: SAM Inspection

- Scanning Acoustic Microscopy

15:00 Refreshments and Networking

15:20 Group 1: SAM Inspection

15:20 Group 2: X-Ray Inspection

16:20 Question and Answer Session

- Plenary Session

16:50 Summary

17:00 Close

Workshop Venue:

Cupio Ltd
Beechwood
Chineham Business Park
Basingstoke
RG24 8WA

Registration

Registration is via the event webpage on the IMAPS-UK website: www.imaps.org.uk/events/microtech-2020-pre-conference-x-ray-inspection-workshop/

For further details, please contact IMAPS-UK Secretariat, details below:

An IMAPS-UK Educational Workshop

Nordson Dage

Nordson DAGE is a market leading provider of award winning bond tester, x-ray inspection and scanning acoustic microscopy systems for destructive and non-destructive mechanical testing and inspection of electronic components.

IMAPS-UK Workshops – Your Chance to Learn:

IMAPS-UK workshops offer delegates the opportunity to learn about the issues and complexities of microelectronics assembly and inspection technologies. They provide professional development through in-depth, real-life insights into materials, processes and equipment applied to current and future electronics.

This half-day workshop features state of the art tutorials on:

- X-Ray and CT Inspection
- Scanning Acoustic Microscopy

The participants will have the opportunity to bring their own samples* to be inspected using state of the art X-Ray and SAM inspection equipment. Attendees will also receive a free copy of the Nordson Dage book on “X-Ray Inspection Criteria and Common Defect Analysis”. * - **subject to Health and Safety approval and the proviso that the sample inspection images will be observed by other attendees.**

Recent IMAPS-UK workshops have sold out rapidly and early booking is advised to avoid disappointment.
